

Do you provide care for people with SCD in Maryland?

We're here to support you.

Sickle Cell Outreach Resources and Engagement (SCORE) is a statewide, community-driven program that bridges gaps in care and support for people living with sickle cell disease (SCD) and their families in Maryland. Our trained Community Health Workers (CHWs) provide at no cost:

- » Client-centered care coordination
- » Resource navigation
- » Referrals to specialized care and social services across Maryland

Seeking more information?

Visit SickCellCHW.org to refer a client or learn more.

Together, we're building healthier futures for Maryland's SCD community.
